1.0 COMMUNITY SOCIAL DEVELOPMENT GRANT PROGRAM DESCRIPTION

Social development refers to the process of improving the overall well-being and quality of life for individuals and communities. It encompasses equitable access to resources, opportunities, and services that foster social inclusion, connections and meaningful participation for all.

The Community Social Development Grant (CSDG) is designed to support organizations that contribute to reducing social inequalities and promote inclusivity in Kelowna. By empowering organizations that advance social development, the grant helps to build a more resilient, connected, and inclusive community.

1.1 Objectives:

The CSDG program supports community organizations dedicated to enhancing social well-being and resilience, focusing on equity, diversity, and inclusion.

Organizations funded through the CSDG program will focus on approaches that are responsive to social needs of the community, ensuring that all residents of Kelowna have access to opportunities that foster resilience, social connections and capacity to act on their own social needs.

Grant applications should reflect an understanding of the local social landscape and align with identified community priorities. For reference, applicants are encouraged to consult the following key community planning resources:

- [Central Okanagan Poverty and Wellness Strategy](#)
- [Kelowna Community Safety Plan](#)
- [City of Kelowna 2040 Official Community Plan \(Chapter 9: Equitable Community\)](#)

There are two categories within the CSDG program. Applicants must indicate which category they are applying for and can only apply for one per year.

a) Operational Grants

Purpose: To assist eligible organizations with core operating activities and expenses that are used to support the organization's operational sustainability and enable the development and delivery of programs and services in the community.

Funding Levels: A maximum of 25 per cent of the organization's operating budget up to \$25,000.

b) Project Grants

Purpose: To assist eligible organizations to stage special events or to operate short-term projects or programs (less than 12 months in duration). Projects must have clear time frames and be projects which would not normally have been undertaken without this additional resource.

Funding Levels: A maximum of 50 per cent of the costs of the project up to \$25,000.

The balance of the funds required shall be provided by the applicant or from other public or private resources. The CSDG program is not an ongoing source of support. Organizations must submit the Final Report as a pre-condition for future eligibility.

Grant proposals for projects or programs that cross municipal boundaries will be considered. However, grant funds may only be used for those portions of the program that are delivered within the boundaries of the city of Kelowna for the benefit of Kelowna residents.

1.2 Organization profile:

Organizations participating in this program are Kelowna-based, established, non-profit social service organizations which have a mission to generate, promote or accelerate socially beneficial services or programs in Kelowna.

Further, the organization must demonstrate an inclusive, diverse and welcoming approach in their operations and activities. This program particularly welcomes submissions from organizations serving under-represented groups including, but not limited to, Indigenous, black and racialized persons; refugee, newcomer and immigrant persons; two-spirit, LGBTQ+ and gender non-binary persons; persons with disabilities; those on low-incomes or living in poverty; and those experiencing or at risk of homelessness.

Lastly, the organization must have been incorporated and actively providing the majority of their public programs and services in Kelowna for at least two years prior to the application deadline.

2.0 APPLICATION PROCESS

Organizations considering submitting an application are encouraged to do the following:

By the deadline of **February 27, 2026 at 3:30pm**, applicants are required to submit an electronic copy of the application form (including signatures) and required support materials through the [online portal](#).

Late applications will not be accepted. Submission of an application does not guarantee funding. Obtaining a grant is a competitive process and demand often exceeds available resources.

3.0 ASSESSMENT CRITERIA

The criteria listed below and in **Schedule 1** represent 'good' practices for program development and delivery and for organization operations. Assessment will be based on the degree to which organizations meet the criteria, based on the information they provide.

All organizations and projects are unique; there is no expectation that an organization must be demonstrating exceptional performance in all areas in order to receive funding support. However, the assessment criteria provide an objective framework within which the project or operation's feasibility and impact can be considered and form the basis for constructive feedback to the organization.

Criteria

1. Respond to one or more of the social development priorities, as outlined below.
2. Demonstrate an evidence-based approach to improving social well-being (see page 7).
3. Respond to dynamic community needs that are based on local research and/or community strategies (See page 3).
4. Demonstrate collaboration with other service providers and/or partners in the community.
5. Provide clearly defined timelines and measurable performance targets to evaluate impact.
6. Demonstrate how the project/program will lead to sustained improvements which prevent or mitigate the impact of social inequities on vulnerable populations.
7. Demonstrate need for funding and a clear plan for future funding from other sources.

Social Development Priorities

CSDGs are investments that contribute to a healthy city for all. They support non-profit community-based organizations, projects or programs that facilitate the social, physical, mental and emotional well-being of people. Applications will need to indicate how their organization will address one or more of the following Social Development priorities:

Priority	Description
Social & Community Connections	Increase opportunities for connection and support for people who are isolated or who are experiencing social, physical and/or economic disadvantage.
Housing & Homelessness	Increase organizational and/or community capacity to prevent homelessness and increase access to basic needs supports (e.g., housing, food, health and wellness) for those experiencing housing instability.
Truth & Reconciliation	Implement actions to advance truth and reconciliation and to address the ongoing effects of colonialism and the legacy of residential schools.
Equity, Diversity & Inclusion	Promote equity, diversity and inclusion by responding to the needs of underrepresented communities, including Indigenous, visible minority, immigrant and refugee communities; members of the LGBTQ2S+ community; people with disabilities; and women.
Treatment & Recovery	Increase organizational and / or community capacity to deliver substance use disorder treatment and recovery programming

Applications will use one or more of the following approaches to improve social well-being:

1. Increase equity of access to opportunities by addressing barriers at the individual, organizational, and/or systems level(s).
2. Develop new partnerships to mobilize existing community assets, encourage shared learning and/or enable collective action.
3. Facilitate the meaningful engagement of people from underrepresented communities in decision making and leadership. This may include engaging people with lived or living experience in the design, development and/or delivery of projects or programs, or in organizational governance.
4. Support healthy youth development by co-creating opportunities for young people to develop skills, make connections, and contribute to their communities.

Detailed assessment criteria are listed in Schedule 1 of these Guidelines.

4.0 ASSESSMENT OF APPLICATIONS

4.1 Committee Review:

Applications in this program are adjudicated by a CSDG Committee of professional qualified peer and community representatives. Adjudication by committee members is independent and at arm's length from the City of Kelowna.

All organizations approved for funding under the CSDG program will be required to sign and adhere to the City of Kelowna's Letter of Agreement for Funding and have liability insurance in place, as outlined on the City's Certificate of Insurance.

Funding will commence once the Letter of Agreement and Certificate of Insurance has been received, is deemed satisfactory to the Funding Agency and signed by the Funding Agency or a qualified designate of the Funding Agency.

A 30-day period will be given for applicants to claim their grants following written confirmation of the grant to the applicant. Any unclaimed funds will be returned to the Social Development Grant Reserve.

4.3 *Request for Clarification/Request for Reconsideration:*

Applicants who do not agree with a funding decision may request further clarification from Central Okanagan Foundation staff; however, the decisions of the Grant Committee are final.
